

# Serenity 30

Serenity 30 is a soft landscape grass used for domestic installation that is cooler than most synthetic grasses by up to 15%. Serenity has the added benefits of being olive green replicating a natural lawn and de-lusted so you don't get that shiny look. A stunning alternative to natural grass, Serenity is soft under foot so perfect for the front yard or backyard installation.

TigerCool yarns are engineered with heat reflective color pigments and advanced U.V. inhibitors that reduce surface temperatures. Solar panel tests indicate that artificial grass featuring TigerCool technology successfully reduces turf temperatures by 15% and up to 10 degrees! That's a difference that you can feel.

- // TigerCool technology successfully reduces synthetic turf temperatures
- // Looks and feels like the real thing
- // No watering, mowing or fertilising required
- // 10 year warranty

# Serenity 30

## For the owners

- // No watering, mowing or fertilising required.
- // Child and pet friendly.
- // UV stabilised to minimise fading.
- // Recommended use: low to moderate traffic.
- // Minimal maintenance to remove organic material. Some moss and algae treatment may be required in damp, shaded areas.
- // Free of heavy metals.
- // Meets Council permeability regulations.
- // Can be installed over timber, crushed rock, asphalt or porous or non-porous concrete.

## For the user

- // Looks and feels like the real thing.
- // Soft, safe and attractive, a place where children and pets can play safely.
- // Stays lush and green 365 days a year.
- // TigerCool technology successfully reduces turf temperatures by up to 15% and up to 10 degrees!
- // No allergy-causing grass seeds and cuttings.
- // No prickles or weeds.
- // Drains and dries quickly after rain so doesn't become boggy or muddy.

## Product attributes

Yarn	100% polyethylene monofilament
Pile weight	1313 g/sqm
Effective pile height	30mm
Sand infill	15mm
Warranty	10 years
Certifications	NA
Fire rating	NA
Permeability rating	>223mm/hr

Recommended usage	Light traffic	Moderate traffic	Heavy traffic
